Electrical Construction Taster Course

Applications are now open for Year 10 students wishing to study an Electrical Construction Taster Course in Term 3, 2016.

This non accredited course has been designed to encourage students to have a “taste” of the construction industry, in particular electrical.

This course will be highly interactive and hands on and is intended to provide students with an introduction into construction, in particular electrical.

It will also provide an avenue for those who may wish to go onto studying a Certificate II Electronics course or another course in construction. Please note that this course will focus mainly on electronics.

Students who complete this course will gain an Electrical Rescue and Resuscitation certification.

The Course will run every Monday 1.30pm – 5.00pm for 8 weeks in Term 3, 2016 and is due to commence in week 2, Monday 1st August 2016.

Topics to be covered:

- Basic trades safety
- Working with timber frames, electrical cables and fixings
- Fabricating and installing conduits and cables
- How electronics and electricity works (including: magnetism, electromagnetism, charge and energy)
- Working in a team
- Identifying construction and electrical tools and equipment
- Electrical Rescue and Resuscitation (Nationally Accredited units; UETTDRRF06B Perform rescue from a live LV panel & HLTDAD001 Provide cardiopulmonary resuscitation)

Career Pathway:

Continue with the Certificate II Electronics (Electrotechnology) or Doorways2Construction VET courses in Year 11. Career options include (but not limited to) Domestic/Commercial Electrician, Carpentry, Plumbing, Data and Communications Electrician, Refrigeration and Air Conditioning Electrician, Bricklaying, Landscaping.
